

Memorandum

4087

February 15, 1956

Dear George,

As I indicated last Friday we will need your assistance in getting a fair certificate of necessity covering the 7000 sq. ft. addition which is now under construction to provide adequate space for your work and for other work of essential nature.

STATINTL

Our application, including space, drafting tables, and research laboratory equipment totals [REDACTED] which is quite nominal I believe. We are financing it entirely with our own funds. The only assistance we are requesting is this Certificate of Necessity. The file number by which our application is known is TA 30466.

I am attaching a copy of the letter I wrote confirming my visit of last Friday which will indicate the man and the place which we would appreciate your calling on. The telephone number is [REDACTED]. The location is the new General Accounting Office at 5th and H Street. The agency, of course, is ODM. The attached letter will also indicate the main points in our case, although there is a great mass of material which has been filed previously.

25X1A

We will appreciate your prompt attention to this matter because the building will soon be completed. Meanwhile, I shall be on my way to the Coast and will get in touch with you upon my return.

Thanks very much for your help on this.

[REDACTED]
